

Solana Beach, California

A wide-angle photograph of a sunset over the ocean. The sky is filled with a dense layer of clouds, which are illuminated from below by the setting sun, creating a vibrant orange and red glow. The sun itself is a bright, glowing orb just above the horizon line. In the foreground, the dark silhouette of a coastline is visible, featuring several palm trees on the left and a line of smaller trees along the shore. The overall mood is serene and dramatic.
